1000 X 5 Books:

This is run by volunteers who are dedicated to providing reading books to young children so that their families can read them 1000 books by the time they are 5 years old. If you have any **gently used** children's books that are **good for age 0 - 5 years old**, please consider donating them to this group of hard working volunteers. Please do not send us books for older children nor books in well-used condition. We only want books specific to this program please. The more we can get books into the hands of our youngest learners, the more opportunities they have to build their literacy skills. Thank you!
